Presidents Message

Congratulations to Sue Brightman, Bev Burney, Sherri Cole and Lynn Carlson on their election to VP, Treasurer, Secretary and Board Member respectively. Many thanks to Deb Miller, the outgoing VP and Patty Gill the outgoing Board Member; You guys did a great job and the club thanks you.

Deb Miller has graciously agreed to continue to produce our newsletter. It is a very time consuming endeavor and she has done an excellent job. Thanks Deb.

Galen Zimmer is continuing her chairmanship of rescue with help from Patty Gill and Lynn Carlson. They have done and will continue to do a great job with this important project

I have asked Sue Brightman to be our liaison to the BMDCA in general and to the Nationals in Gettysburg in 2012. She has accepted and with her knowledge, connections and experience we will now be kept abreast of happenings on the national level and what we need to do to help with the nationals.

Article 1X Section 1 of the By-Laws prescribes the order of Business for running meetings. We will be following that in the future. In addition I want to have a written agenda which will be handed out before each meeting. If you want something on the agenda you must get the information to me one week before the meeting. It is my hope that the meetings will be more formal and take less time, leaving more time to socialize.

I have asked Deb to include the BMDCFL'S Constitution, By-Laws and Code of Ethics in the next Newsletter. I ask each of you to take a few minutes to read and think about them. It is easy to get caught up in our day to day activities with our dogs and forget the purpose of the club.

The current Alpenhorn has an excellent article on the coefficient of inbreeding (COI) by Bert Klei, PhD. University of Pittsburgh Medical Center. I highly recommend the article. He states "in livestock and laboratory animals we have seen that reduced fertility, reduced size, reduced production and reduced health are being associated with increased inbreeding (COI). From a breeding standpoint the overall effect of inbreeding is detrimental for a large number of traits in which we are interested."

Here is hoping that we have a great year and that our club can aid you in perfecting the natural qualities of BMDs and sound and beautiful companions and working dogs.

**Remember, "IT'S ABOUT THE DOGS:
George**

Rescue

Galen Zimmer

Lori Doran recently adopted “Molly” after we rescued her from very poor living conditions. Lori first offered a foster home but in very little time fell in love with “Molly”, a two and a half year old girl who deserved much better and has found it in her new forever home. Look for Lori and Molly at Berner Fest.

The BMDCFL offers a year’s membership to the club for adopting from our rescue/rehoming program

Lori Doran, 217 Burns Rd., Brooktondale, NY 14817

Our list of families looking to adopt a Berner is very short. Foster homes we always need just in case, spread the word.

Galen was handled by “Belle” for her great win out of the bred by exhibitor class.
